

Special Lecture Meeting of IEEE Magnetics Society Distinguished Lecturer 2012

Co-sponsored by IEEE Magnetics Society Nagoya Chapter

IEEJ Photo-Spintronics Working Committee

In cooperation with IEEE Nagoya Section

Date: Nov. 22 (Thu.), 2012

Time: 13:30 - 16:45

Place: Venture Business Laboratory, Nagoya University

Venture Hall (3F)

URL: <http://www.vbl.nagoya-u.ac.jp/access/index.html>

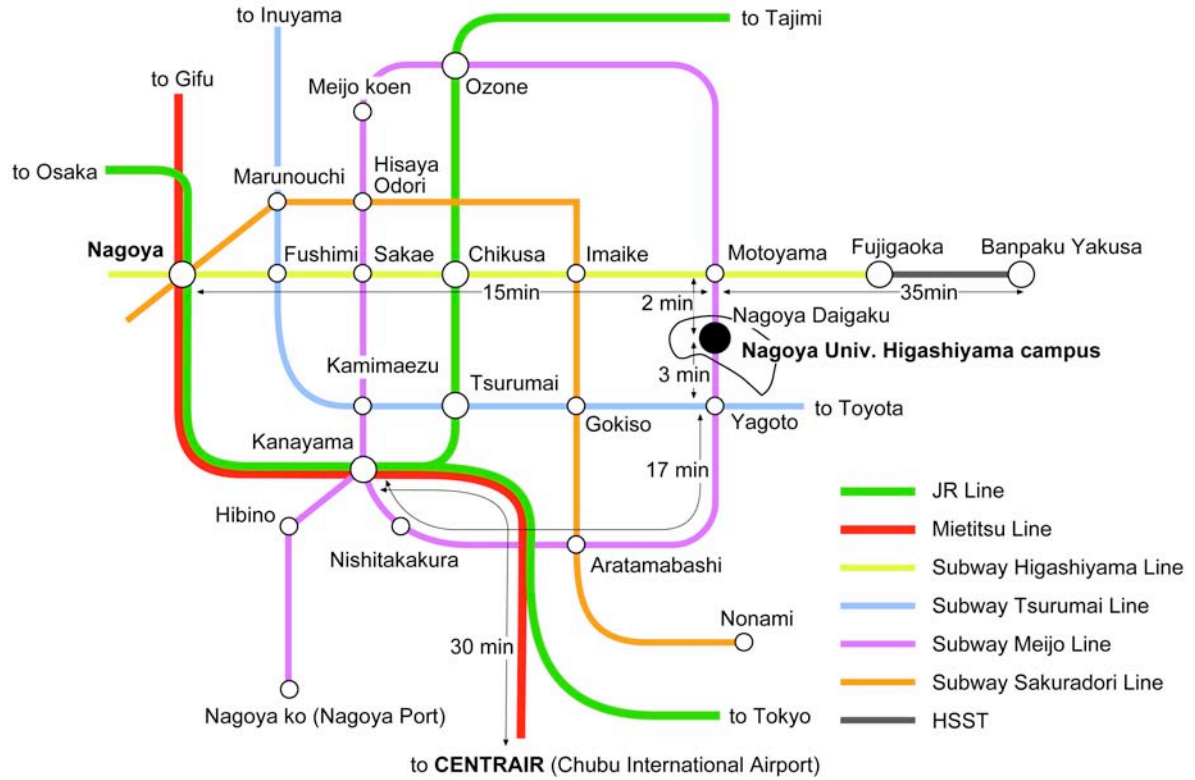

Contact: Takeshi KATO (Nagoya University)

takeshik@nuee.nagoya-u.ac.jp

tel: +81-52-789-3304

13:30 - 14:30	"Magnetoresistance and spin-transfer torque in magnetic tunnel junctions" Dr. Shinji Yuasa (National Institute of Advanced Industrial Science and Technology)
14:30 - 15:30	"Spin caloritronics" Prof. Gerrit E. W. Bauer (Tohoku University, Delft University of Technology)
15:30 - 15:45	Coffee Break
15:45 - 16:45	"Soft magnetic thin film applications at radio frequencies" Prof. Masahiro Yamaguchi (Tohoku University)
16:45 -	get-together

Access to Nagoya University
